

HOWARD D. SCHULZE

Endowed Scholarship in Biology

This is a tuition-credit scholarship awarded by the Department of Biology to a junior, senior, or graduate student in recognition of significant academic achievement. This award was established by Christopher B. Schulze, M.D. in honor of his father.

- Scholarship applicants should be juniors, seniors or graduate students majoring in Biology, enrolled full-time at Texas State University, with an overall grade point average of at least 3.0.
- Previous recipients may reapply for the scholarship; renewal will be based on evaluation of continued academic achievement.
- To apply for the Schulze Scholarship, bring one letter of recommendation from a Texas State Biology Professor and a current copy of your transcript to the Biology Office (SUPP 384).
- Deadline: March 23, 2007
