

Lerner-Gray Grants for Marine Research

The Lerner-Gray Grants for Marine Research provide financial assistance to highly qualified persons starting careers in marine zoology. Support is limited to projects dealing with systematics, evolution, ecology and field-oriented behavioral studies of marine animals. Awards are not made to support research in botany and biochemistry.

Applications are reviewed by the Lerner-Gray Advisory Committee composed of Trustees, staff scientists of the Museum, as well as other individuals chosen for their interest and experience in marine zoology.

Deadline Applications on prescribed [forms](#) must be postmarked by **March 15**; awards are announced in mid-May.
